

"IT" Has Arrived

With More Than 17 Programmable Features

When deciding on a cappuccino dispenser to fit your business, choose one that dispenses fast, works efficiently and is user friendly. Choose one that has an easy to read "LCD" Display and the most up to date Microprocessor Technology available. You may even decide to choose one that sets up in seconds and dispenses in either Free Flow or Portion Control mode.

Introducing Cecilware's New "GB" Cappuccino Dispensers with the "IT" Microprocessor. "IT" provides an operator with *total* operating control. With "IT", there's no need to rely on blinking lights to set up or change the dispenser settings. "IT"s LCD display simply walks an operator through all functions. "IT" also displays diagnostic messages for easy servicing.

So Choose the dispenser with Intelligent Technology

"IT's" The Intelligent Choice!
